

Each year Kaua'i residents make an investment in their County when they pay their real property taxes. Every dollar is returned in the form of vital services we often take for granted; services such as fire and police protection, street maintenance and lighting, water, sewer and refuse collection, and recreational facilities and activities.

These services are financed through a variety of revenue sources including federal and state grants, water and sewer fees, fuel tax, motor vehicle weight tax and, most importantly the real property tax. The County of Kaua'i could not operate without the real property tax as approximately 78% of every revenue dollar collected comes from this source.

REAL PROPERTY TAX POWERS

Hawaii's four counties now have full control over their real property tax system after voters approved a constitutional amendment transferring the responsibility for property valuation, exemptions, and tax collection from the State to the counties.

ASSESSMENTS AT FULL VALUE

The need to insure "truth in taxation" has brought about a major change in the way property has been assessed beginning in 1983. Property is now being assessed at 100% of fee simple market value, making it easier for homeowners to see what their property is actually worth. Assessing at full market value eliminates the mathematical calculations and guesswork of the past.

FAIR MARKET VALUE

Locating, identifying, classifying and appraising your property at fair market value and approval of exemptions are the responsibility of the Real Property Assessment Division of the Department of Finance. Market value, or the price most people will pay for your property, is the standard used to measure equity in assessments.

Over the years great strides have been made to improve the methods used to assess property in a uniform and fair manner. Property owners are encouraged to visit the Real Property Assessment Division located at 4444 Rice Street, Lihue, HI. You can inspect your records at the front counter or ask to speak to an appraiser regarding your assessment.

APPRAISING YOUR PROPERTY

Because our County has only a few appraisers for approximately 35,000 taxable parcels, a personal inspection of your property is normally undertaken only at the time of construction or remodeling and then every 3-5 years, according to the International Association of Assessing Officers Standards of Conduct. "Mass Methodology" and "Market Modeling" are used to annually update your property value.

The appraisal process continues throughout the year, but the values established by the Real Property Assessment Division as of **October 1** constitute the values which will be used during the following tax year which begins July 1.

HOMEOWNERS EXEMPTIONS

As a property owner you should be aware that there are homeowners exemptions which can reduce your net taxable value providing you occupy the property as your principal residence on **September 30** preceding the tax year. These home exemptions are:

***BASIC HOME EXEMPTION** – Homeowners or lessees, defined as Homeowners under Chapter 5.A-11.4 (a) and (3)(b) up until 60 years of age will be eligible for a single home exemption of **\$160,000**.

***ADDITIONAL AGE EXEMPTION** – This exemption was established to help senior citizens living on fixed retirement incomes. Homeowners between the ages of 60 and 70 years of age are eligible for an additional exemption amount, increasing the Basic to **\$180,000** and increasing the Basic to **\$200,000** for age over 70.

NOTE: You are required to contact the Real Property Assessment office should you change your status, such as moving, renting and/or using any portion of your residence as a business within 30 days.

ADDITIONAL HOME EXEMPTION BASED ON INCOME

Real property that benefits from a Basic Home Exemption and/or Additional Age Exemption may also be eligible for an additional \$120,000 Income Exemption based upon an annual gross income, not to exceed the qualified gross income ceiling for that year. **YOU MUST APPLY ANNUALLY FOR THIS ADDITIONAL EXEMPTION.** If the total amount of exemption meets or exceeds the net taxable assessment for qualified year, then the minimum tax assessed

shall be \$50.00 in year 2014 or \$75.00 in those subsequent qualified years.

HOME PRESERVATION LIMIT

A homeowner who meets the criteria in Subsection 5A-11A.2 (c) shall pay real property taxes at the **higher** of an amount equal to three percent (3%) of all the owners' income(s) or the amount of five hundred dollars (\$500.00). **The 2014 Home Preservation Limit Application deadline is December 31, 2013 – after which the annual deadline will be September 30 of any year.**

DISABILITY EXEMPTION – Special exemptions of up to \$50,000 are also available for property owners who are totally disabled, blind, deaf, or who are Hansen's disease sufferers. This special exemption is in addition to the basic and multiple home exemptions.

TOTALLY DISABLED VETERAN EXEMPTION – If you are a totally disabled veteran due to injuries received while on active duty with the U.S. Armed Forces, your home is exempted from all real property taxes, except the minimum tax of \$100.00. Veterans must file a claim on Form P-6 on or before **September 30**.

The home exemption will be valid as long as the veteran claiming the exemption remains totally disabled or the widow or widower of the totally disabled veteran remains unmarried and resides on the subject property as their principal residence.

*PLEASE NOTE:

The staff of the Real Property Assessment Division **will not automatically grant homeowner exemptions.** You must file a claim on or before **September 30** for the next tax year but, once filed except for the additional exemption based on income, no additional action is required until your status changes. In addition to exemptions cited, there may be other types of exemptions which the Council may approve from time to time. Please check with the assessor's office for more information.

TAX MAP KEY IS IMPORTANT

Home owners should know their tax map key number also referred to as parcel id. Real property is mapped and indexed numerically according to a tax map key system which identifies your property. All matters concerning your property should be made in reference to the tax map key.

ASSESSMENT NOTICES

Another important time frame is the period when assessment notices are mailed to property owners. **These notices are mailed each year by December 1. You have until December 31 to appeal your assessment.**

When you receive your notice, study it carefully. It lists your tax classification, property value, exemptions and net taxable value. If you find an error or have questions on your assessment, contact the Real Property Assessment Division.

APPEAL PROCESS

Should you want to appeal, you will find the process is quite simple and requires no legal counsel. Appeals are heard by a five-member Board of Review composed of property owners like you. The taxpayer is asked to state their case and then the appraiser explains how the assessment was determined. **There is a \$25.00 fee to appeal for owner occupants and \$75.00 for all other property owners.**

Property owners may also appeal directly to the Tax Appeal Court, which could require legal assistance if you choose not to follow the small claims procedure or file your appeal with the Board of Review. An appraiser will be happy to explain the appeal process and your rights under the law. You must serve the Real Property Assessor with a Tax Court Appeal filing or be disqualified.

Many property owners regretfully do not question their assessment until they receive their tax bill. The first half of the year's bill is mailed on July 20 and payment is due on August 20. The second half is mailed the following January 20 and payment is due on February 20. **You should remember that tax assessment appeals can only be made between December 1st and December 31st prior to the mailing of your tax bill.** There is no avenue for appeal after you have received your bill.

CALCULATION OF TAXES

The formula for real property tax is:
 $(\text{Assessed Value} - \text{Exemptions}) \times \text{Tax Rate} = \text{Taxes}$. After the assessment of the property has been made, and any exemptions subtracted from the assessed value, the remaining value is

known as the net taxable value. This is the starting point for the calculation of taxes.

As part of the budget-making process every year, the County Council sets the tax rates. The tax rates are set separately for each class of property. **The improved property classes are: Residential, Vacation Rental, Commercial, Industrial, Agriculture, Conservation, Hotel/Resort and Homestead.** The classes are based on the property's actual use, which may or may not be the same as the zoning. **Rates based on zoning will still apply on vacant or partially improved properties.**

The Homestead class is comprised of properties used exclusively as the owner's principal residence. Owner-occupied farms are also included in the Homestead class.

The tax rate is the amount of taxes on the property for each \$1,000 of net taxable value. For example, if the tax rate is \$8.00 and the net taxable value is \$100,000, the taxes would be \$800.00.

IMPORTANT DATES

The tax year begins on July 1 and extends until the following June 30. These are the important dates to remember:

- | | |
|----------------|--|
| Sept 30 | Deadline for filing exemption claims and recordation of ownership documents
Deadline for applying for additional home exemption based on income |
| Oct 1 | Date of Assessment for upcoming tax year |
| Dec 1 | Assessment notices mailed |
| Dec 31 | Deadline for assessment appeals |
| Jan 20 | Second half year tax bills mailed |
| Feb 20 | Second half tax year payments due |
| Mar 31 | Certified assessment roll to County Council |
| June 20 | Tax Rate set by County Council |
| July 1 | Tax year commences
Deadline for filing dedication petitions |
| July 20 | First half year tax bills mailed |
| Aug 20 | First half tax payments due |
